

Art

We are focusing on Formal Elements of Art. We will explore texture and pattern. The children will develop a range of mark-making techniques, make and use their own textured stamps for printing; draw a flip-pattern and recreate a famous and ancient geometric pattern.

Science

Electricity

We are learning that some materials allow electricity through them and others do not. We are also learning about the history of electricity. Children will be making and testing electrical circuits with a variety of components.

RE

We are exploring the question 'Why Jesus is inspiring to some people?' We will learn about the qualities that make people special and learn about the life of Jesus.

Geography

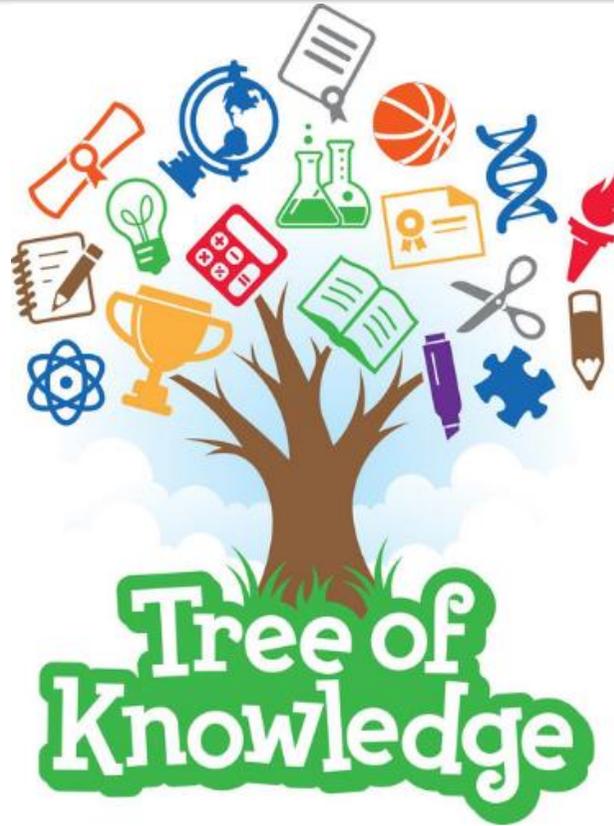

We are learning about 'The Americas'. We will be looking closely at North and South America.

PE

This half term the focus is 'Leadership'. The children will have to learn skills of how to lead different activities in small groups, managing their peers and being able to work with others at the same time.

Year 4

Autumn 2 - 2020

PSHE

The theme for this half term is- Celebrating Differences. Children will be learning about similarities and differences and how they make us special and unique.

English

This half term we are writing a Non-chronological report and a Legend on dragons. We are going to be reading a story called "How to train your dragon" by Cressida Cowell and use this to help us in our writing.

Maths

We are developing our understanding of place value in 4 digit numbers. We are learning to represent numbers in different ways. We are also investigating different methods for adding, subtracting, multiplying and dividing.

Computing

We are looking at Internet safety this half term. It's important for children to understand how to be safe online and what websites they can and can't use.

Music

We are studying the 'Rainforest' unit of work. We will be listening to and making music using body percussion.
