

Revolution

Let's hop on a steam train and travel back in time to the Victorian era! During this half term, we'll use non-fiction books to research Victorian education and people, including famous inventors, reformers and Queen Victoria herself. Then, we'll write flashbacks and biographies using a range of source materials. During our launch Victorian Day, we will: learn Latin, cursive handwriting, sewing, doing maths in Roman numerals as well as drill activities! We will learn about the Workhouse and learn about what life was like for Victorian children. How things have changed! We'll discover what happened during the Industrial Revolution and learn about significant inventions and inventors and how they have shaped our world!

ILP	Activity
English	Biographies and flashbacks
Maths	Fractions and decimal numbers
Science	Genetic Inheritance and Evolution
History	The workhouse and the life of a Victorian child
Geography	London in Victorian times
PSHE	Dreams and Goals
PE	Exercise and multi skills
RE	What matters most to Christians and Humanists?
